We have access to a nurse for minor cuts and bruises and for special medication distribution. Local EMT's would be called for a more serious injury or illness. Insurance covers accidents in relation to camp, but not pre-existing or chronic conditions. If the Camper is allergic to anything or has ever had Epilepsy, Asthma, heart issues or anything else that we should know about please write us a detailed note explaining the situation. Also if they take any medications please list them in the note as well. Senior campers are in charge of their own medications.
